

Midnight Train (TBT 107) Hunter Keller - www.hunterkeller.com - www.tbtreorderings.com

OPENER

Circle Left

Worn out vacant motel sign

Run down bedroom 209

Boys Star Right inside one time round I say

Allemande Left and Weave the Ring

Whiskey bottle on the floor

King James Bible from the drawer

(Swing and Promenade that floor)

Neither won, but Lord they've done their best

FIGURE

Heads you promenade halfway round

Square Thru and a count them four somehow

All the way and then a Right and Left Thru I say

Pass Thru, Trade By

Touch 1/4, Scootback and then

Swing the corner and you Promenade my friend

You can't out run the one you can't forget

MIDDLE BREAK - CLOSER

Grand Square

Feel the rumbling, hear the roar

My heart it crumbles like a thousand nights before

And the driving rain, of a Midnight Train passing through

Allemande Left and Weave the ring

The wheels are turning, in my soul

Her memory's burning, black a coal

And it's like I'm chained, to a Midnight Train passing through

TAG

And it's like I'm chained, to a Midnight Train passing through
