

Heart's Desire (TBT 142) – Called by Philipp Kamm

OPENER - CLOSER

Circle Left

I can't think straight

Girl you're always on my mind

Left Allemande you know, Dosado tonight

Allemande and Weave the Ring

It's keepin' me up late, Can't even get to work on time

Swing a little girl and Promenade

Got a fever burnin' up inside,

I see your face each time I close my eyes

FIGURE

Heads you Star Thru, Pass Thru

Spin Chain Thru you do, Girls circulate go two

Boy Run around the girl somehow and the Couple Trade

and the Couples Circulate

Bend the line, Square Thru roll it fours hands

Swing that girl and promenade round the land

*Got a fever burnin' up inside, I see your face each time I close my eyes

**My chest is poundin' and I must confess; Girl, you're givin' me a cardiac arrest

MIDDLE BREAK

Grand Square

You're my heart's desire, always thinking of you

Heart's desire, girl I want you so bad

Like a car spinnin' out of control with a blown out tire

Allemande Left and weave

You're my heart's desire, I do believe I love you,

Heart's desire, best I never had,

Got a yearning down deep and I don't want to put out, the fire

Cause you're my heart's desire
