

True Love (TBT 307) Tony Oxendine - Courtesy of Royal Records

OPENER - CLOSER

Circle Left

Out of the blue, out of the night

You came along and you changed my life

Left Allemande the corner, Dosado your girl

Allemande that corner and Weave around the world

True love- straight from my heart

Swing your girl around and Promenade

True love- ain't no doubt about it

True love- now I can't live without it

FIGURE

Heads Square Thru count 'em 4 you fly

Your corner Do-Si-Do oh my

Swing thru and now boy run right

Half Tag, Scoot back

Boy Run right, Slide Thru, and swing that corner

Promenade around that ring and then

True love- ain't no doubt about it

True love- now I can't live without it

MIDDLE BREAK

Circle Left

Before I met you baby, I was alone

Thought I was happy livin' on my own

Left Allemande the corner, Dosado you own

Left Allemande and Weave the Ring

True love- makes every day a little brighter

True love- makes every burden just a little lighter

True love- it'll make you be a better man

If you had true love, you'd understand
